Paper 1: Multiple Choice

June 1, 2019

MARK SCHEME

Maximum Mark: 15

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Examiner Report.

Topabridge will not enter into discussions about these mark schemes.

Question paper could be generated by removing the `\printanswer` command at the beginning of the tex file for this paper, if you have it.

This mark scheme contains 4 pages, of which 0 are empty.

Section A

Places

1 What is the origin of the Olympic Games?

- A** Ancient Rome **B** Ancient Greece **C** Ancient China **D** Babylon

Answer: B
